Distinctive Quality with Historic Appeal

Alside®

GREENBRIAR VINTAGE . . . DISTINCTIVE QUALITY WITH HISTORIC APPEAL

A gentle rounded bead and architecturally correct 2-1/2" exposure width distinguish this soffit as a classic American beauty while its low-gloss finish and matte texture capture the historical beauty and charm.

A LEGACY OF EXCELLENCE AND INNOVATION

The first step in the creation, renovation and preservation of your home involves choosing the right products. In Greenbriar Vintage, you've opened the door to the Alside vinyl soffit collection – a premier union of heritage and innovation merged with best-in-class materials and future-forward engineering. Our more than 70 years of industry excellence stands strong as our legacy of leadership and trust, where customer happiness always comes first.

AN ECO-FRIENDLY CHOICE

As a sustainable product with a long service life, vinyl soffit is environmentally responsible in several ways. In addition to conserving wood and other natural resources often used for building materials, vinyl soffit helps reduce the deposit of paint, stain and maintenance-related materials into the solid waste stream because it never needs to be painted.

STRIKING STYLE, IMPRESSIVE STRENGTH

Greenbriar Vintage Beaded Soffit marries superb performance with stately elegance. A heavy-duty vinyl construction provides a durable, strong backdrop for this premium .042 thick* soffit, while an authentic beadboard design and luxurious matte texture create a markedly superior finish. Vent slots hidden in the recessed grooves ensure ample ventilation without compromising the smooth, upscale appearance.

Recessed vents in the grooves provide Essential airflow throughout the roof structure and eaves, yet maintain a smooth appearance for maximum curb appeal.

ESSENTIAL VENTILATION FOR YOUR HOME

A well-designed soffit system is essential to maintaining the structural integrity of a home. When properly installed, soffit promotes directional airflow and allows trapped moisture to escape from the eaves and rafters. Greenbriar Vintage Beaded Soffit is performance-engineered with recessed vent slots to provide air circulation throughout the roof structure – helping to keep your home in great shape both inside and out.

EASY-CARE UPKEEP

Greenbriar Vintage Beaded Soffit is a pleasure to maintain. The durable vinyl construction won't warp, rot or peel and never needs to be painted. Just rinse occasionally with the garden hose to freshen its appearance.
